

Significant Investor Visa

Application and Investment Program

Royston Capital

AFSL 438262

What's new?

- The Australian government changed its Significant Investor Program in 2015.
- The program now requires a 10% investment into venture capital and a 30% investment into small cap stocks and 60% into a balancing investment of your choice which can be used to control the level of risk and return desired. The balancing item can be used to control your level of risk and return.
- Royston Capital offers an investment portfolio that fulfills all the requirements. All solutions are customized to your requirements.

The Royston solution
